Office Memorandum

Subject: Deployment of Enhanced UI/UX for Hybrid TSA Module in PFMS and Conduct of Open House Sessions

1. In compliance with the directions of Secretary (Expenditure) the entire UI/UX for Hybrid TSA on PFMS portal has been redesigned and upgraded, with a focus on simplification, standardization, and improved operational navigation for Maker and Checker roles at the Child Agency and Funding Agency levels. These changes have been implemented without altering the core business logic or validation architecture of the Hybrid TSA module.
2. The enhancements aim to improve navigability, field clarity, and ease of processing, incorporating feedback obtained during engagements with key Ministries and Implementing Agencies.
3. In order to support effective implementation and address operational queries, an Open House is scheduled from 28th July 2025 to 1st August 2025. The sessions will include live demonstrations, clarifications on upgraded features, and hands-on support for stakeholders at various levels.
4. All Ministries, Departments, Program Divisions, PAOs, and Implementing Agencies using the Hybrid TSA module are requested to widely disseminate this information to all concerned field units and ensure active participation in the Open House sessions, thereby facilitating seamless adoption of the upgraded interface.

(Anupam Raj)
Dy. Controller General of Accounts
GIFMIS

To:

- I. All Pr. CCAs/CCAs/CAS with independent charge with a request to get the OM circulated to concerned Program Divisions and Agencies.
